

# DAKE®

## The New Dake Power Hammer

### Built tough for the metalworking craftsman.

Opens up a whole new world of metal shaping creativity. Ideal tool for fabricating one-of-a-kind or impossible-to-find replacement parts. Design and form custom hot rod, motorcycle, aviation, and sheet metal parts that are works of art in your own shop. You can stretch, shrink, plannish, dome, jog, bead, and shape complex sheet metal parts using standard dies. If you can't buy it, build it yourself on a Dake power hammer.
