

TK T-D-P Roll Former

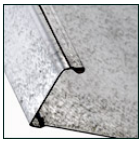

Transverse Duct Connector Profile Roll Former

STANDARD FEATURES: TDP rolls, TDP Clip rolls & TDP Clip Slitter and Feed
Here's the value. Everything included as standard.

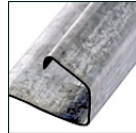

The Tin Knocker 14 station roll former comes standard with the TDP rolls, Clip rolls and Clip Slitter. The slitter allows the user to quickly and easily turn scrap into clips. Blanks are automatically slit to width and fed into the Clip Rolls. The Clip Rolls can also be strip fed. This T-D-P roll former will roll sheet metal into leak proof, sealable T-D-P flanges at speeds of up to 50 fpm, automatically! Start saving time and money by forming your own T-D-P flanges. With snap on corners you can reduce or eliminate spot welding, Ductmate/Ward, altogether.
